Jerash is a stunning blend of Greco-Roman and Oriental influences. An ideal place to visit in spring, with its beautiful hills and lush greenery, Jerash has a rhythm that you can't see anywhere else in Jordan). - Then on to Ajloun, where the wonders of nature and the genius of medieval Arab military architecture have given northern Jordan two of the Middle East's most important ecological and historical attractions: the vast pine forests of the Ajlun-Dibbin region and the imposing Ayyubid castle of Ajlun, which helped defeat the Crusaders eight centuries ago. Lunch in Ajloun. Locals often take advantage of Ajlun's verdant landscapes to take a break from city life and connect with nature). Afternoon drive to Petra. Dinner and overnight at hotel in Petra.
D3 MONDAY : PETRA (B/L/D)	PETRA Breakfast at the hotel. Today our day is devoted to the visit of Petra, the ancient city of Petra is one of Jordan's national treasures and by far its best-known tourist attraction. Petra is the legacy of the Nabataeans, an industrious Arab people who settled in southern Jordan more than 2,000 years ago. Admired then for its refined culture, massive architecture and ingenious complex of dams and water channels, Petra is a UNESCO World Heritages Site and one of the new Seven Wonders of the World. We will visit the rose-red city known as Sela in the Bible and lost to the world for five centuries until it was rediscovered in 1812. We will enter Petra on horses through a narrow gorge carved in the sandstone and opening on the stunning view of the Treasury, made famous in the movie "Indiana Jones and the Temple of Doom". We will visit the palace, the High Palaces and the Roman-Style Palace Tomb. Lunch in Petra. Inhabited by the Nabateans, Edomites and Romans, Petra brought together the knowledge and skill of these civilizations to create this world wonder. AMMAN DESERT CASTLES - CITY TOUR - AMMAN (60KM)

Breakfast at the hotel. Departure for the desert castles. Jordan's desert castles, fine examples of early Islamic art and architecture, bear witness to a fascinating period in the country's rich history. Their beautiful mosaics, frescoes, sculptures and illustrations in stone and stucco, inspired by the best of Persian and Greco-Roman traditions, tell countless stories of life as it was in the 8th century. Called castles because of their imposing stature, the desert complexes in fact served a variety of purposes as caravan stations, agricultural and commercial centers, resort lodges and outposts that helped distant rulers forge ties with the local Bedouin. Many of these compounds have been preserved. We visit the castles of Amra, Kharranah and Azraq. Lunch in Amman. We then head to Amman for a city tour. Amman, the capital of Jordan, is a fascinating city of contrasts - a unique blend of old and new, situated on a hilly area between the desert and the fertile Jordan Valley. In the commercial heart of the city, ultra-modern buildings, hotels, chic restaurants, art galleries and boutiques sit comfortably alongside traditional cafés and tiny artisan workshops. Amman's neighborhoods are diverse and vary in cultural and historical context, from the bustle of the downtown markets to the art galleries of Jabal Lweibdeh and the modern shopping district of Abdali. Dinner and overnight at hotel in Amman.

**D6 Thursday: AMMAN
- SALT - MADABA -
MOUNT NEBO - DEAD
SEA (120KM) (B/L/D)**

AMMAN - SALT - MADABA - MOUNT NEBO - DEAD SEA (120KM)

Breakfast at the hotel. This morning, we begin our journey with a visit to Salt. Salt is an ancient city that was the administrative center of the region under the Ottomans. The heart of the town consists of yellow stone buildings typical of the Ottoman period. Typically, they are built with domed roofs, interior courtyards and high, round-headed windows. Stroll through the town and its lively souk. Continuation to Madaba. Madaba is a combination of rural family life and an important point for religious tourism. Known as the "city of mosaics", Madaba is the cultural epicenter of Byzantine and Umayyad mosaics. A short distance from the capital, visitors are just a stone's throw from sacred monuments of religious iconography. Lunch in Madaba. Afternoon drive to Mount Nebo. Mount Nebo is important for its role in the Old Testament. The Bible says that Mount Nebo was the place where Moses lived his last days and saw the Promised Land, which he would never enter. It is said that Moses' body could be buried here, although this has yet to be proven. There are two peaks on Mount Nebo, Siyagha and al-Mukhayyat. By the 4th century AD, Mount Nebo had already become a place of pilgrimage, and a church and shrine were built on Siyagha to honor Moses. Departure for the Dead Sea. A spectacular natural wonder: the Dead Sea is perfect for religious tourism and family fun in the sun. With its mix of beach life and religious history, you can enjoy the sun while biblical scholars can get their daily dose of religious history. The Dead Sea's main attraction is the warm, soothing, super-salty water itself - around ten times saltier than seawater and rich in magnesium chloride salts, sodium, potassium, bromine and many others. The exceptionally warm, incredibly buoyant and mineral-rich waters have attracted visitors since ancient times, including King Herod the Great and the beautiful Egyptian queen, Cleopatra. Dinner at the hotel and overnight at the

**D7 Friday: DEAD SEA
(B/L/D)**

DEAD SEA

Breakfast at the hotel. Today we'll be relaxing at our resort on the Dead Sea. The Dead Sea, in Arabic Al-Bahr Al-Mayyit ("Sea of Death"), in Hebrew Yam HaMelaḥ ("Salt Sea"), is also known as the Salt Sea, a salt lake landlocked between Israel and Jordan. Its eastern shore belongs to Jordan, and the southern half of its western shore belongs to Israel. The northern half of the western shore lies in the Palestinian West Bank and has been under Israeli occupation since the 1967 Arab-Israeli war. The Jordan River, from which the Dead Sea receives most of its water, flows from the north into the lake. Lunch and dinner in the resort and overnight on the Dead Sea.
