DAYS	ITINERARY
DAY 1 ARRIVAL	Arrive in Reykjavik, Iceland Arrive in the Icelandic capital in the morning and make your way to your included hotel. You will have the day to explore the city on your own.
DAY 2 EMBARK	Embark This afternoon, you'll board your vessel and begin your expedition. Get ready for a great adventure ahead!
DAY 3 WESTFJORDS	Exploring the Westfjords Each region of Iceland has its own appeal for nature, bird and history lovers, and the little-visited Vestfjords (Westfjords), where the land meets the sea in the most dramatic fashion, is no exception. Often referred to as 'Iceland's best kept secret,' this rugged peninsula at the country's remote northwestern tip is rife with fjords and mountains sloping down to the sea in impossibly beautiful ways. We spend the day exploring the fjords and shores of Iceland's oldest region, enjoying its kaleidoscope of diverse land and seascapes. Here, tumbling cliffs and gushing waterfalls alternate with colorful beaches, and rolling green hills lead up to high moorlands dotted with rocky outcrops, small lakes and the occasional shaggy Icelandic sheep or horse grazing in the distance. A few little outposts of civilization, small fishing communities are nestled on fjord edges and the shores of the Denmark Strait, facing out into the mighty Atlantic and toward East Greenland—keeping alive a maritime heritage going back to the Viking days.
DAY 4 CRUISING	Cruising As we cruise north across the Denmark Strait, your Expedition Team will prepare you for the adventures that await. Learn about the storied history and politics of the Arctic, its fascinating wildlife, geology, ecology and climate, and the incredible sights you will soon explore. The team will also search for the seabirds soaring around your ship, as well as the whales that frequent the waters here.

DAYS	ITINERARY
DAY 5 to DAY 12 – NORTHEAST GREENLAND	Exploring Northeast Greenland During your tour of Greenland’s remote northeast coast, you’ll enjoy Zodiac cruises and shore visits to several locations. We’ll also keep an eye out for grazing muskoxen, as 40 percent of the world’s population lives in Northeast Greenland National Park. Sailing through spectacular Scoresby Sund, the birthplace of many icebergs, you’ll immediately see why some say it’s the most beautiful fjord system on the planet. Sites such as Frederiksdal and Sydkap offer opportunities to explore the colorful tundra and the remains of ancient Thule settlements. At the entrance of the sound is East Greenland’s most northerly community, Ittoqqortoormiit, where you may spend time interacting with the Inuit people and learning about their way of life. You may also have a chance to see the northern lights here if the skies are clear. Deeper in the sound, Røde Ø offers a picturesque locale for admiring the beauty of sky-blue bergs set against striking red sandstone cliffs. Magnificent vistas also await at Kong Oscar Fjord, with possible landings at Ella Ø, renowned for its rugged cliffs and ice-choked waters, and flower-rich Botanikerbugt, on Ymer Ø.
DAY 13 – CRUISING	Cruising As your arctic adventure winds down, take in a presentation by our onboard experts, share your photos, sip an icy cocktail in the bar or watch a movie— there are many activities during your time at sea. Your Expedition Team will also be on hand to answer any questions and point out wildlife.
DAY 14 - REYKJAVIK	Depart Reykjavik, Iceland You’ll disembark in Reykjavik, Iceland’s capital, at the end of your journey. If you have booked post-expedition accommodation, we provide a transfer to a central downtown location.

Certified First aiders

Our Expedition staff undergo rigorous training at Quark Academy, and are certified in CPR & life-saving skills, in addition to two doctors onboard every ship.

We guarantee that there's one staff member to every 9.5 guests.

Safety briefings

Our Expedition leaders conduct frequent briefings so you know how to safely move about the ship and participate in off-ship excursions.

We frequently test our comprehensive Incident Management Plan.

Exceeding SOLAS requirements

We take Safety of Life at Sea seriously and have a 25% additional capacity for all our lifeboats and life-rafts above regulation.

You will participate in one mandatory lifeboat evacuation drill, in line with maritime law

Specialist Expedition Leaders

When traveling in extremely remote regions, your Expedition Team must consider the sea, ice and weather to guide the route and itinerary details. The following sites are a sample of what you may experience on your expedition, whether by ship, Zodiac cruise, helicopter, or shore landing.

Iceland

Reykjavik Iceland has been ranked by the United Nations as one of the best countries in which to live. Its capital, Reykjavik (which means “Smoky Bay”), was named by the country’s first settler, Norseman Ingólfur Arnarson, who was inspired by the geothermal mist rising from the ground.
Vestfjords Rich in Viking history, Iceland’s oldest region is renowned for its dramatic and diverse landscape. The rugged coast of this almost entirely untouched, remote peninsula is indented by a myriad of steep fjords, each a world of its own, with awe inspiring mountain vistas, great hiking opportunities and serene seascapes.

3.4 If Quark arranges any pre- or post- Expedition options for you then these may not be refundable after the booking is made. In addition to the applicable deposit payable under section 3.2 above, a non-refundable deposit of a minimum of US\$400, is required at the time of booking if you are booking any pre- or post-Expedition options.

5.2 In the event that you cancel your booking for the Expedition (or are deemed to have cancelled your booking in accordance with the terms of these T&Cs), then the following cancellation charges shall be applicable (in addition to, as applicable, any amounts paid by you under section 3.4):

Cancellation period	Per person cancellation fee
