You'll have the finest vantage point from which to watch hippo, crocodiles and other animals which come down to the river's edge in the early evening, to slake their thirst. You're in the first class seats, that's for sure, and while you're sipping your cocktail and enjoying snacks - no further movement required on your part - you'll be captivated by the sun's dying rays as they cast a burnt-orange glow which shimmers on the river. Take another sip in this golden setting - cheers!

No surprise why Victoria Falls is one of the seven Natural Wonders of the World! You'll understand it instantly as we tour the Zimbabwean side, for there are numerous spectacular vantage points along the width of the Falls, and the sight of this astounding gift of nature, simply takes your breath away. Walk through the permanent, beautifully misty rain forest which flanks the Falls, stopping to marvel at the principal sites as it cascades to the depths below: the Main Falls, Horseshoe Falls, Rainbow Falls, the Boiling Pot, Cataract Island and Livingstone Island. We'll stand and watch, feel and listen to the spray and thunderous noise, as millions of litres of water tumble over the Falls into a series of narrow gorges below. The seventh Natural Wonder of the World puts on the most dramatic show for you, and you'll be privileged to have watched it.
